

FLEXIBLE FINANCING AVAILABLE

MAKE YOUR NEXT GLASS PROJECT MORE
AFFORDABLE

🇺🇸 At Hiegel H&S Glass, Inc., we know that window, shower, and glass upgrades are important investments — and sometimes paying all at once just isn't easy.

That's why we offer customer financing through Hearth, a flexible platform designed specifically to help homeowners spread their payments over time.

📌 What Is Hearth?

Hearth is a trusted home improvement financing platform that lets you:

- ✓ Explore personalized monthly payment options based on your credit profile
- ✓ Check financing rates quickly and securely in minutes
- ✓ Get fixed monthly payments you can budget around
- ✓ See your options without affecting your credit score
- ✓ Get approved and funded in as little as 24–72 hours when eligible

Important: Hearth connects you with multiple lending partners — they do not make the loans themselves, but help you find options that may work for your budget and credit score.

🔧 How It Works — Easy Steps

1. Get Started - We send you a secure Hearth link. Simply fill out a short form with your basic information.
2. See Your Options - View personalized loan offers with estimated monthly payments and terms, all without affecting your credit score.
3. Choose the Best Fit - Pick an option that matches your budget, then complete your application.
4. Get Funding & Schedule Work - Once approved, funds can be available quickly (often in a few business days), so your project can begin.

Note to Customers

Your actual loan terms, including APR and monthly payments, will depend on your credit history and what lending partners are available. Hearth itself is not a lender — they connect you to lenders who provide the financing. [GetHearth.com](https://gethearth.com)
